

Become a Foreign Language Teacher!

Do you want to earn an advanced degree and be certified to teach in Georgia? Kennesaw State University will introduce its new Master of Arts in Teaching program in Spanish and Chinese very soon. Earn 48 graduate credit hours in this program to receive your degree and qualify for initial teacher certification (P-12) in Spanish or Chinese. In addition, we also have a non-degree program leading to P-12 certification in Chinese, French, German, Italian, Japanese, Korean, Latin, or Spanish. If you currently teach, but are not fully certified, or would like to switch careers and become a teacher, please come to our information session on April 11, from 12:00 – 1:00 at the Lovett School in Atlanta. For more information, you may also visit our web site at:
